Chaplains Corner:

We are in the era of cell phones and the use of social media on a daily basis it seems. This gives us virtually unlimited access to each other unless you are in a no phone zone or your battery is dead. Some times and places it is either illegal or just not practical to be using your phone or texting etc. such as while driving. In some cases it is a good idea to restrict the use of your phone. There is however a type of communication that has no restrictions called praying.

God invites us to call on Him whether we are moving or sitting still. God has an open door policy and asks us to communicate with Him and to give thanks in all circumstances. God is available for a quick call or a lengthy conversation. We are always in the prayer zone. Access to God's throne is always open.

Until next month ride safe and ride often.

In His service,
Auggie and Sunshine
